Cypher Analytica — Personality Development and Communication Skills

Level: Foundation to Intermediate
Proposed duration: 60 instructor-led hours + 20 hours of independent practice
Suggested schedule: 10 weeks × 3 sessions × 2 hours
Suitable for: College students, job seekers, working professionals, and entrepreneurs
Prerequisites: No prior training required. Activities can begin bilingually, with progressive English-speaking practice.

The course develops confidence, clear communication, professional conduct, teamwork, and interview readiness through practical activities and individual feedback.

Module	Topics covered	Hours
Total	**Guided instruction, activities, practice, and assessment**	**60**

Practical activities

Activity	Learning outcome
Recorded 60–90 second self-introduction	Establish a baseline and identify specific improvement goals
Paired conversations and workplace role-plays	Develop fluency, questioning, and appropriate responses
Listen-and-summarize exercise	Improve comprehension and accurate paraphrasing
Two-minute impromptu talk	Practice organizing ideas under time constraints
Professional email and message exercises	Improve clarity, tone, and completeness
Feedback and conflict-resolution role-play	Practice assertiveness and respectful disagreement
Group discussion and team task	Develop collaboration, reasoning, and participation
Five-minute presentation with questions	Practice structured speaking and audience interaction
Mock interview with feedback	Improve relevant, specific, and well-structured answers
Personal development plan	Translate feedback into measurable practice goals

Independent practice — 20 hours

- **Speaking and pronunciation:** 6 hours of short recordings, read-aloud exercises, and conversational practice.
- **Listening and summarizing:** 4 hours using talks, interviews, and workplace scenarios.
- **Professional writing:** 4 hours of emails, introductions, and meeting summaries.
- **Presentation and interview preparation:** 4 hours.
- **Reflection and progress tracking:** 2 hours.

Assessment Structure

Component	Weight
Practical assignments and practice portfolio	25%
Speaking and listening assessments	20%
Professional writing assessment	15%
Group discussion and team activity	10%
Mock interview	15%
Final presentation and development plan	15%
Total	**100%**

Assess observable skills: clarity, structure, listening accuracy, relevance, respectful interaction, and application of feedback. Avoid grading accent, appearance, extroversion, or personality type.

Student deliverables

- Initial and final self-introduction recordings.
- Professional email and workplace communication samples.
- Updated resume and draft LinkedIn summary.
- Prepared interview examples using the STAR method.

- Final presentation.
- A personalized 30-day improvement plan.

Expected learning outcomes

By the end of the course, learners should be able to introduce themselves clearly, participate constructively in conversations and meetings, write professional messages, deliver a structured presentation, and answer interview questions with relevant examples.

Certification Criteria: Minimum 60% overall, completion of mandatory practical assignments, and participation in the final presentation and mock interview.
